

## Registration Form

**Course Offered:** CCDC 2 (2020) Go Beyond the Boardroom, A Contract Administrators Perspective

Go beyond the theory of changes made to the new CCDC 2 (2020) and discover what is new, what will affect you on-site as a contract administrator working for a GC, Subcontractor, Architect or Engineer - and what stays the same. Changes that have been highlighted as substantial include insurance and indemnity requirements, early occupancy and ready for take-over. There are over a half-dozen other language modifications that have yet to be talked about, thought about and worked through practically on-site. Not to mention, how consultants will be enforcing new conditions as their role in Part 2 of the contract. With the phase in period of CCDC 2 happening now, newer projects will soon be working with the new version.

Each participant will receive the education copy of the CCDC 2 (2020) and we will work through the following together:

1. Adjudication as it ties into Articles 5.2, GC 8.2 and GC 7.2.3;
2. Ready for Take-Over GC 12.1;
3. Early Occupancy GC 12;
4. How payment applications including the reduced role of the payment certifier in legislation will work relative to the new Construction Act in Ontario;
5. Payment of Holdbacks, and alignment with provincial legislation;
6. Eight other contract administration practices that need to be considered/altered to work with the new CCDC 2; and
7. New Insurance requirements for 2021 and beyond.

**When:** 1pm-4pm on October 18th, 2021

**Where:** Virtual (Zoom)

**Price:** \$100 + HST / Member

**Company Name & Address:** Please indicate PO# if required for billing purposes.

**Participant Name:**

- 1)
- 2)
- 3)
- 4)

Constructionlab exists to deliver world-class professional and workforce solutions to individuals, institutions and employers supporting the ICI and residential construction and design sectors.

We do this through expertise, passion and practical knowledge that aligns industry best practices with productivity solutions leading to measurable outcomes - for people and organizations.

Constructionlab is a founding firm of The Construction and Design Educators Council of Canada.

Our firm principal, Derek Smith is a member of the following professional organizations:

- Association of Architectural Technologists of Ontario
- Toronto Construction Association
- Construction and Design Educators Council of Canada
- Alternative Dispute Resolution Institute of Ontario
- Project Management Institute

Derek also serves in several volunteer roles:

- AECO Innovation Labs - Board of Experts
- Construction and Design Educators Council of Canada - Registrar
- Toronto Construction Association - Education Committee

We want you to discover what it means to work at your natural best.

At Constructionlab, we will arm you with the tools and best practices you need to accelerate your career and to advance your project productivity.

Begin or continue your journey of life-long learning with us.
